About our facilities:

Swantown Boatworks boatyard is owned and operated by the Port of Olympia. Serving our boating community since 1999, we operate a 82 ton Marine Travel-Lift, hauling vessels from 17' to 80' in length up to 21' wide, and has the capacity to store up to 50 vessels. Our overhead boom crane has a 10,000 pound capacity.

Forklift and crane services are available on site.

To keep our waterways clean, we also feature a state-of-the-art wash down and water treatment facility for boats being pressure washed.

For more information about scheduling & coordinating Winter Storage, please contact the Boatworks Office.

Storage is approved by management only, and is based on current space availability.

Winter Storage applications are available August 1, 2021 with a \$50 non-refundable waitlist deposit.
